

WOLF Hearing Protection Earmuffs - how to replace the hygiene kit

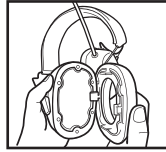

1. Remove the O-ring (water proof ring).

2. Take out the old ear pads by inserting your finger and pulling slowly outwards.

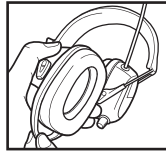

3. Beware that the top of the ear pad is round and the bottom is flat.

4. When placing the new ear pad, the halfround shape should be on top.

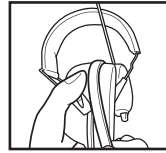

5. Fix firmly to the headset.

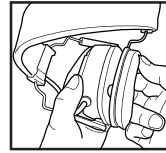

6. Put the water proof ring back to the original position.

WOLF Hearing Protection øreputer - hvordan bytte ut de utskiftbare øreputene

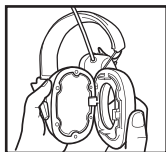

1. Fjerne O-ringen (vanntett ring).

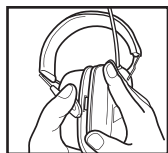

2. Ta ut den gamle øreputen ved å sette inn fingeren og dra sakte utover.

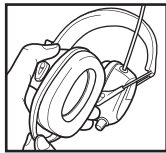

3. Vær oppmerksom på at toppen på øreputen er rund og at bunnen er flat.

4. Når du plasserer den nye øreputen, skal den delen av øreputen som er halvrund være øverst.

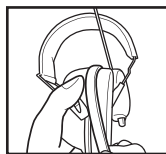

5. Fest den godt til øreklokken.

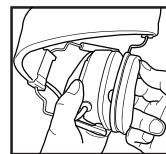

6. Sett den vanntette ringen tilbake på plass der den var før du tok den av.
